National Conference on Disaster Management

24 September 2016

Organized By

Department of Civil Engineering
Sponsored by TEQIP II

Govt. College of Engg. & Technology
Bikaner, Rajasthan

About Bikaner

If ever beauty has blossom in a desert, it has been at Bikaner. Founded in 1488 AD by Rao Bika Ji, it's located in North West part of Rajasthan state in INDIA. The magnificent palaces, beautiful and richly sculptured temples of red and yellow sand stones display some of the finest creations of Rajput civilization. Its envy for "desert" or affection for "desert" that tickles every heart to visit Bikaner.

About GCET College

Govt. College of Engineering & Technology, Bikaner, Approved by AICTE and Affiliated to Rajasthan Technical University (RTU) Kota, was established in the year 2007 with present intake of 420 students per year in B.Tech (CR, CE, CSE, EE, ECE, ME) and 60 students per year in MBA. This College is running with the aim to equip students with the latest engineering skills and knowledge to successfully meet the challenges posed by globalization and to provide comprehensive engineering education and necessary technical skills by developing a professional outlook in every walk of life.

About Conference

Disaster is an event or occurrence that causes sudden great loss. Disaster management is the organization and management of resources and responsibilities for dealing with all humanitarian aspects of emergencies, in particular preparedness, response and recovery in order to lessen the impact of disasters. There is no country that is immune from disaster, though vulnerability to disaster varies.

Conference Themes

- Disaster management for natural tragedies (Earthquakes, landslides, floods, droughts, fire).
- Manmade disaster management (Global warming, pollution, chemical and nuclear tragedies.)
- Disaster management in data computing.
- Use of recycled materials.
- GPS and other navigation system.
- Construction failures.
- Development of smart cities.
- Waste management.
- Embedded system based disaster management and other related topic.
